These 70" Class (69.5" diagonal) and 60" Class (60.1" diagonal) Sharp commercial LED smart TVs combine full-HD image quality and stylishly thin profiles with a built-in digital tuner for the ultimate display experience. The LC-70LE661U and LC-60LE661U commercial LED smart TVs are perfect for sports bars, retail stores and other businesses that need to grab the attention of viewers for a new level of engagement.

**Superb Image Quality**

LC-70LE661U and LC-60LE661U commercial LED smart TVs have cutting-edge picture technology that deliver amazing detail, gorgeous colour depth and consistent image quality. The advanced pixel structure of the panels enables stunning 4 million : 1 dynamic contrast for deeper blacks and whiter whites. The smart TVs also feature the AquoMotion™ 240 Refresh Rate that delivers precision clarity during fast-motion scenes.

**Thin, Lightweight Design**

LC-70LE661U and LC-60LE661U commercial LED smart TVs owe their thin profiles to edge-lit LED backlighting. Streamlined for a pleasing appearance and minimal protruding parts, these monitors weigh only 75 lbs and 52.9 lbs, respectively, with a bezel thickness of only 0.4" making for easy placement in offices, public places, stores and other commercial establishments.
Enhanced Connectivity

Three (3) HDMI® inputs let you connect multiple HD sources like digital signage and cable boxes. A powerful RS-232C command set permits flexible remote control capabilities from connected devices. A built-in USB port lets you present a variety of digital content including photos, music and video.

Unique Wallpaper Mode

When the unit is turned off, Wallpaper Mode lets you display virtually any image you choose on the screen at a reduced light level that mirrors museum conditions, so your screen blends beautifully into your installed environment—all at extremely low power.

Bigger Screen, Slimmer Bezel

The 70" Class model has a 14 percent greater viewing area than a 65" Class screen, and the 60" Class model has 20 percent more viewing area than a 55" Class screen.* In addition, its super-slim bezel measures just 0.4". 

*Based on data available as of July 1, 2014.

LC-80LE642U
80” CLASS (DIAGONAL) LED TV

MODEL FEATURES

PICTURE QUALITY

AQUOS UV2A DISPLAY
The AQUOS® UV2A Display with advanced pixel structure brings you the most breathtaking HD images. Using photo-alignment technology that’s precision crafted to let more light through in bright scenes and shut more light out in dark scenes, the AQUOS UV2A Display with a 4 million:1 contrast ratio creates a picture so real you can see the difference.

120Hz REFRESH RATE
See sharper, electrifying action, with the most advanced panel refresh rates available today. 120Hz technology delivers crystal-clear images even during fast-motion scenes.

AUTO BRIGHTNESS CONTROL (OPC)
Automatically adjusts picture brightness to the light in the room. This cuts power consumption, while giving you a more beautiful--and comfortable--picture to watch.

SMART

SMARTCENTRAL™
Sharp’s intuitive SmartCentral™ lets you quickly connect to your favorite content. Working through built-in Wi-Fi, you can instantly access apps, streaming movies, music, games, and websites you love. Now that’s smart.

DUAL-CORE PROCESSOR
Dual-core processing means faster load times for apps and the web browser. So you spend less time waiting and more time enjoying.

MOST POPULAR APPS
The apps you love are now accessible through Sharp’s SmartCentral™. From instant access to movies with Netflix, to videos with YouTube®, music with Pandora® and Rhapsody®, social sites like Facebook and Twitter, video and voice calls with Skype™, and the best of gaming – what you love is only a click away. (*FREETALK® TV Camera sold separately)

WEB BROWSER
Welcome to the world’s most incredible web browser: your Sharp television. Big, beautiful, super-fast, and built-in, you can now visit all your favorite sites in a window larger than life.

SPLIT-SCREEN WEB + TV
Sharp’s split-screen experience lets you surf the web while you watch TV, so you never have to choose between your favorite show and your favorite site. Technology that gives you the best of television and the best of the web – that’s truly the best experience.

FLASH-ENABLED
Not all browsers are created equal. Sharp lets you see stunning Flash-created animations live from your browser so that you can focus on the content, not the compatibility.

REMOTE CONTROL APP
Your remote’s never out of reach with Sharp’s app that lets you change the channel right from your iOS® or Android™ smartphone or tablet.

SHARP BEAM
Beam app turns your smartphone into a fully functional content sharer that’s simple and fun to use. Flick photos, videos, movies, and more from your smartphone or tablet to your big screen.

NETFLIX SECOND SCREEN
With Netflix Second Screen, you can browse and select the movie or show you want to watch on your smartphone and play it on your TV – instantly. Now the only thing standing between you and your favorite movies and TV shows is deciding which to watch.

BUILT-IN WI-FI
Every AQUOS® Smart TV has built-in Wi-Fi technology* that allows you to connect without the hassle of finding a cable. (*Additional fees and/or subscriptions may apply)

HDMI®
When it comes to HD connections for your gear, the more the better. HDMI® lets you connect sources like your Blu-ray Disc™ player, cable box, and game consoles with the most advanced digital connections available today.

MHL®
An MHL® connection turns a small-screen phone into a big-screen experience. MHL delivers HD uncompressed video with up to eight channels of digital audio. Since MHL also charges the mobile device, you can power up at the same time you’re connected. You can also control MHL-enabled mobile devices using your existing TV remotes to easily access and select content.

COMPATIBILITY
Sharp AQUOS® LED large screens are smarter smart TVs. They work seamlessly with virtually all your gear, from Blu-ray™ to cable boxes to gaming consoles. And with 4 HDMI® inputs, you can keep your options open.

REMOTE SOFTWARE UPDATES
Television at its smartest: your AQUOS® LED TV automatically updates its software as improvements and optimizations are developed.

DESIGN

WALLPAPER MODE
This innovative feature turns a blank screen into a work of art. When the TV is turned off, Wallpaper Mode lets you display virtually any image you choose on the AQUOS® LED screen at a reduced light level that mirrors museum conditions, so your screen blends beautifully into your room’s decor. All at extremely low power. You can even set on and off times.

SOUND

20W AUDIO
Big sound to complete your big-screen experience. The powerful 20W audio features high fidelity with Clear Voice, so all of your scenes sound great.
At 90 inches, it’s the largest available LED TV on the planet. Big, bold and brainy – the LC-90LE657U is an LED Smart TV that delivers legendary AQUOS picture quality and unlimited content choices, seamless control, and instant connectivity through SmartCentral™. The AQUOS 1080p LED Display dazzles with advanced pixel structure for the most breathtaking HD images, an 8 million: 1 dynamic contrast ratio, and a 120Hz refresh rate with AquoMotion 240 for stunning picture clarity, even during fast-motion scenes. A Smart TV with Dual-Core processor and built-in Wi-Fi, the LC-90LE657U lets you quickly access apps, streaming movies, music, games, and websites you love.

**AUTOMATIC SOFTWARE UPDATES**
Television at its smartest: your AQUOS® LED TV automatically updates its software as improvements and optimizations are developed.

**SLIM DESIGN**
Fit more screen in less space. The brilliant AQUOS® LED display is embraced by a striking new frame that’s thinner around the screen and slimmer in depth, so it can fit just about anywhere.

**WALLPAPER MODE**
This innovative feature turns a blank screen into a work of art. When the TV is turned off, Wallpaper Mode lets you display virtually any image you choose on the AQUOS® LED screen at a reduced light level that mirrors museum conditions, so your screen blends beautifully into your room’s decor. All at extremely low power. You can even set on and off times.

**35W AUDIO**
Big sound to complete your big-screen experience. The powerful 20W audio features high fidelity with clear voice, so all of your scenes sound great.

**FULL HD ACTIVE 3D**
All 3D is not created equal. Sharp’s Full HD Active 3D produces a brighter, crisper picture, a 3D experience that truly does blow people away.

**2D/3D SWITCH**
With Sharp 3D glasses, you can switch from 3D to 2D any time you want – without affecting anyone else in the room. With Sharp 3D, everyone gets what they like.
